HOMEBANK has some of the most experienced and strategic-thinking bankers in the tri-state area. With total assets of more than \$400 million, this locally-owned community bank offers the same technology and services used by the mega banks... but with a local phone number, a personal touch, and a supportive attitude to help you accomplish your goals.

H  **MEBANK**

Why Choose Us?

HOMEBANK is a locally-owned bank. That means we make decisions right here with an eye on the future of our customer and our community. Because we live here, too, we know more about prospective customers than just the financial numbers that appear on an application. We are your neighbors.

HOMEBANK is strong. Strong financially, strong in banking experience, and strong in banking services. Our branch networks service Northeast and Mid-Missouri as well as Western Illinois. HOMEBANK regularly receives favorable reviews from within the banking industry as well as from our most important reviewers: our customers.

HOMEBANK lenders are different. Unlike many banks, we focus on your entire operation to help you make management decisions. We take the time to help you plan and budget for your annual operations needs. We will produce scenarios for you to consider when contemplating major decisions.

HOMEBANK service is second to none. Our customer service representatives greet you with a smile and take as much time as necessary to help you get answers to your questions. During planting and harvest season, our cutting-edge technology allows you to do your banking from the cab of your equipment.

OUR MISSION

HOMEBANK exists to help our communities and our customers create, build, and protect their wealth.

HOMEBANK has its roots in Palmyra, MO, where Palmyra State Bank was formed in 1934. Branches of Palmyra State Bank were opened in West Quincy in 1971, in Hannibal in 1997, and in Centralia in 2014. Bank of Quincy, located across the river in Illinois, was established in 1999. In 2015, all the banks merged to become HOMEBANK. A branch was added in Canton, MO, in 2017 and another in Mexico, MO, in 2020.

Today, we continue to intent of our founders to be “a bank that is for the interest of the people as a whole.” We are relevant and supportive corporate members of our communities. Our employees are active civic leaders and the bank participates in many local events and charitable causes.

HOMEBANK’s corporate headquarters are still located in Palmyra. The bank has assets of more than \$400 million and employs nearly 130 people.
